## **MUCH** MATERIAL **FOR NORMAL NINE**

Coach Toothman is Kept Busy Looking Over the Many Candidates

That the Normal baseball team is rapidly developing into "fast company" is evident to those who gather at South Side park each evening to see the daily baseball practice. Most of the practice thus far has been in hitting and from the heavy stick work that has been developed, there is rea-son to believe that the Normal will hav ea strong offensive. The first thorough field practice of the year was held yesterday afternoon with both the infield and outfield making a fa-

vorable impression.

Coach Toothman is finding much difficulty in selecting the team in that every man on the team is new. Thomp. son, who is this year covering third base will be a strong factor in the strength of the infeld. He is a good thitter and has a perfect peg. Among the candidates for the backstop position are Donald Conaway, Guy Kühn "Mike" Hamilton and Edward Stevens at present the race seems to center ound Kuhn and Hamilton. Hess shhart, of Farmington, "Red" Hess t Cowen, and "Red" Tennant, of Fair-iew, and the leading candidates for hort stop. Bell, Baughman and Fear and rear reamong the favorite candidates that re out for first base. Watkins, who as to oppounts will under all probabilities this year, cover the second base ossition. At present the outfield is the acst uncertain part of the team. The vell are Denten, of Philippi, Grego
